2. A BRIEF ABOUT SRILANKA:

Sri Lanka formerly known as **Ceylon**, and officially the **Democratic Socialist Republic of Sri Lanka**, is an island country in South Asia. It lies in the Indian Ocean, southwest of the Bay of Bengal, and southeast of the Arabian Sea; it is separated from the Indian subcontinent by the Gulf of Mannar and the Palk Strait. Sri Lanka shares a maritime border with India and the Maldives. Sri Jayewardenepura Kotte is its legislative capital, and Colombo is its largest city and financial centre.

Sri Lanka is a multinational state, home to diverse cultures, languages, and ethnicities. The Sinhalese are the majority of the nation's population. The Tamils, who are a large minority group, have also played an influential role in the island's history. Other long established groups include the Moors, the Burghers, the Malays, the Chinese, and the indigenous Vedda.

The island has had a long history of engagement with modern international groups: it is a founding member of the SAARC and a member of the United Nations, the Commonwealth of Nations, the G77, and the Non-Aligned Movement. Sri Lanka is the highest-ranked South Asian nation on the Human Development Index and has the second-highest per capita income in South Asia.

3. GEOGRAPHY:

Sri Lanka is a pearl-shaped Island nation in South Asia, lying on the Indian Plate, a major tectonic plate that was formerly part of the Indo-Australian Plate. It is in the Indian Ocean southwest of the Bay of Bengal, between latitudes 5° and 10° N, and longitudes 79° and 82° E. Sri Lanka is separated from the mainland portion of the Indian subcontinent by the Gulf of Mannar and Palk Strait.

Sri Lanka has 103 rivers. The longest of these is the Mahaweli River, extending 335 kilometres (208 mi). These waterways give rise to 51 natural waterfalls of 10 metres (33 ft) or more. Sri Lanka's coastline is 1,585 km (985 mi) long. Sri Lanka claims an exclusive economic zone extending 200 nautical miles, which is approximately 6.7 times Sri Lanka's land area.

Sri Lanka has 45 estuaries and 40 lagoons. Sri Lanka's mangrove ecosystem spans over 7,000 hectares. The island is rich in minerals such as ilmenite, feldspar, graphite, silica, kaolin, mica and thorium. Existence of petroleum and gas in the Gulf of Mannar has also been confirmed, and the extraction of recoverable quantities is underway.

4. POLITICAL SCENARIO:

The current political culture in Sri Lanka is a contest between two rival coalitions led by the Centre-Left and progressive United People's Freedom Alliance (UPFA), an offspring of Sri Lanka Freedom Party (SLFP), and the comparatively right-wing and pro-capitalist United National Party (UNP). Sri Lanka is essentially a multi-party democracy with many smaller Buddhist, socialist and Tamil nationalist political parties. As of July 2011, the number of registered political parties in the country is 67. Of these, the Lanka Sama Samaja Party (LSSP), established in 1935, is the oldest.

Administrative Divisions

Provinces in Sri Lanka have existed since the 19th century, but they had no legal status until 1987 when the 13th Amendment of the 1978 constitution established provincial councils after several decades of increasing demand for a decentralisation of the government. Each provincial council is an autonomous body not under the authority of any ministry. Some of its functions had been undertaken by central government ministries, departments, corporations, and statutory authorities, but authority over land and police is not as a rule given to provincial councils. Between 1989 and 2006, the Northern and Eastern provinces were temporarily merged to form the North-East Province. Prior to 1987, all administrative tasks for the provinces were handled by a district-based civil service which had been in place since colonial times. Now each province is administered by a directly elected provincial council:

5. ECONOMY:

- According to the International Monetary Fund, **Sri Lanka's GDP** in terms of **purchasing power parity** is the **second highest** in the South Asian region in terms of per capita income.
- In the 19th and 20th centuries, Sri Lanka became a plantation economy famous for its production and export of cinnamon, rubber, and Ceylon tea, which remains a trademark national export.
- The development of modern ports under British rule raised the strategic importance of the island as a centre of trade.

- From 1948 to 1977, socialism strongly influenced the government's economic policies. Colonial plantations were dismantled, industries were nationalised, and a welfare state established. In 1977, the free market economy was introduced to the country, incorporating privatisation, deregulation, and the promotion of private enterprise.

While the production and export of tea, rubber, coffee, sugar, and other commodities remain important, industrialisation has increased the importance of food processing, textiles, telecommunications, and finance.

The country's **main economic sectors are tourism, tea export, clothing, rice production, and other agricultural products**. In addition to these economic sectors, overseas employment, especially in the Middle East, contributes substantially in foreign exchange.

The per capita income of Sri Lanka doubled from 2005 to 2011. During the same period, poverty dropped from 15.2% to 7.6%, unemployment rate dropped from 7.2% to 4.9%, market capitalisation of the Colombo Stock Exchange quadrupled, and the budget deficit doubled.

The 2011 Global Competitiveness Report, published by the World Economic Forum, described **Sri Lanka's economy** as transitioning from the factor-driven stage to the efficiency-driven stage and that it **ranked 52nd** in global competitiveness.

Out of the 142 countries surveyed, Sri Lanka

- **ranked 45th in health and primary education,**
- **32nd in business sophistication,**
- **42nd in innovation,**
- **41st in goods market efficiency.**

In 2016, Sri Lanka ranked 5th in the World Giving Index, registering high levels of contentment and charitable behaviour in its society. **In 2010, *The New York Times* placed Sri Lanka at the top of its list of 31 places to visit.**

In September 2021, Sri Lanka declared a major economic crisis. The Chief of its Central Bank has stepped down amid the crisis. The Parliament has declared emergency regulations due to the crisis, seeking to ban "food hoarding" Tourism, which provided the economy with an input of foreign currency, has crashed during the COVID pandemic.

Transition to biological agriculture

In June 2021, Sri Lanka started the first "100% organic farming" program and imposed a countrywide ban on inorganic fertilizers and pesticides.

Sri Lanka wants to transition to 100% biological agriculture; the trade in chemical fertilizers and pesticides has been banned. The government cancelled some of these measures, but importing urea remains banned.

In November 2021, Sri Lanka abandoned its plan to become the world's first organic farming nation following rising food prices and weeks of protests against the plan. As of December 2021, the damage to agricultural production was already done, with prices having risen substantially for vegetables in Sri Lanka, and time needed to recover from the crisis. The ban on fertilizer has been lifted for certain crops, but the price of urea has risen internationally due to the price for oil and gas.

The culture of Sri Lanka is influenced primarily by Buddhism and Hinduism. Sri Lanka is the home to two main traditional cultures: the Sinhalese (centred in Kandy and Anuradhapura) and the Tamil (centred in Jaffna).

6. SOCIAL (FOOD & FESTIVALS):

Dishes include rice and curry, pittu, kiribath, wholemeal roti, string hoppers, watalapam (a rich pudding of Malay origin made with coconut milk, jaggery, cashews, eggs, and spices including cinnamon and nutmeg), kottu, and appam.

Jackfruit may sometimes replace rice.

Middle Eastern influences and practices are found in traditional Moor dishes, while Dutch and Portuguese influences are found with the island's Burgher community preserving their culture through traditional dishes such as lamprais (rice cooked in stock and baked in a banana leaf), breudher (Dutch holiday biscuit), and bolo fiado (Portuguese-style layer cake).

While the **national sport is volleyball**, by far the most popular sport in the country is cricket. Rugby union also enjoys extensive popularity, as do association football, netball and tennis. Aquatic sports such as boating, surfing, swimming, kite surfing and scuba diving attract many Sri Lankans and foreign tourists.
